

COMPOSITE

International Research Conference on Composite Materials

CALL FOR ABSTRACT – COMPOSITE CONFERENCE

About Conference: ScienceFather takes the privilege to invite speakers, participants, students, delegates and exhibitors from across the globe to its International Conference. The Composite Materials International Conference is an annual gathering. This conference is a unique international platform that's a meeting of all stakeholders of the Industry, Academia, Researchers, Doctors, Scientist, Medical Regulators coming together to present and discuss technological advances in Science, Health and Engineering. We look forward to personally welcoming you.

Objectives: The Composite International Conference is attracting high quality papers in different subfields. Offer the opportunity to be updated on the latest research outputs on several topics. Organize specific workshops around the most attractive and current issues. Gather worldwide experts as conference speakers. More focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Key Features: Journal Publication | Excellent Venue | Inspiring Speakers | Conference Proceedings with ISBN | Best Presentation Awards | Best Poster Awards | Best Paper Awards

Topics of interest include, but are not limited to: Analysis | Bonding | CAD/CAM | Ceramic-matrix composites | Coatings | Damage mechanics | Design of materials and components | Environmental effects | Metal-matrix composites | Modeling | Non-destructive evaluation | Polymer-Matrix composites | Processing and Manufacturing | Properties and Performance | Prototyping | Reinforcement Materials | Repair | Testing | Thermoplastic composites

Publication: All Accepted papers will be recommended for publication to ScienceFather International Journals
